

**STATE OF NEW MEXICO  
BEFORE THE SECRETARY OF ENVIRONMENT**

**IN THE MATTER OF THE APPLICATION  
OF JOBE MATERIALS, L.P. FOR AN AIR QUALITY  
CONSTRUCTION PERMIT FOR THE VADO CRUSHER      No. AQCA 09-02 (P)**

**FINAL ORDER**

This matter comes before the Secretary of Environment following a hearing before the Hearing Officer on February 11, 2009, in Vado, New Mexico.

Jobe Materials, L.P. (Applicant) seeks an air quality permit for a rock crushing and screening facility in Dona Ana County, New Mexico, near the Vado Interchange on Interstate Highway 10 approximately 10 miles south of Las Cruces.

The New Mexico Environment Department Air Quality Bureau supports the approval of the permit allowing construction and operation of the plant with conditions necessary to protect human health and welfare and the environment.

Having considered the administrative record, including all post-hearing submittals and the Hearing Officer's Report; and being otherwise fully advised regarding this matter; THE SECRETARY HEREBY ADOPTS THE HEARING OFFICER'S REPORT AND RECOMMENDED FINDINGS OF FACT AND CONCLUSIONS OF LAW.

IT IS THEREFORE ORDERED: The application for an air quality permit is granted, and the permit shall be issued by the Air Quality Bureau in the form set forth in the revised Draft Permit, as shown in NMED Exhibit 2, with the corrections in Table 1.2 warranted by the scrivener's error described in the Applicant's post-hearing submittals.
